

TEMPORARY OBSTACLE HEIGHT ASSESSMENT

Obstructions in the vicinity of an airport have the potential to create air safety hazards and to seriously limit the airport's operations. The Airports Act 1996 defines any activity resulting in an intrusion into an airport's protected airspace to be a "controlled activity", and requires that controlled activities cannot be carried out without approval. Carrying out a controlled activity without approval is an offence under Section 183 of the Airports Act 1996. Further information is available on the Department of Infrastructure & Transport's website – <http://www.infrastructure.gov.au/aviation/airport/planning/AirspaceProtectionAtLeasedFederalAirports.aspx>

To have your crane, elevated work platform (EWP) or other temporary obstacle activity assessed, please complete this form and submit it, at least one (1) business day prior to the commencement of your activity, **together with payment of the application fee**, to the Operations & Technical Officer at the following address:

Top Floor, Terminal Building, Grenier Drive, Archerfield Airport
 PO Box 747, Archerfield, Qld 4108
 Fax: 07 3275 8001, Ph: 07 3275 8000, Email: aac@archerfieldairport.com.au

When completed, and approved by AAC, this form serves as your **permit to operate** a crane, EWP or erect any other temporary obstacle in the vicinity of Archerfield Airport and is to be produced on demand. You must not erect a crane, EWP or other obstacle in the vicinity of Archerfield Airport without an approval from AAC.

FEF: The Application Fee is \$50.00. Payment is by credit card only – complete details at bottom of form.
Note: If the activity infringes the protected airspaces and requires referral to CASA and Airservices Australia, a further \$50.00 fee applies.

AAC Assessment No:
