## **MEDIA RELEASE**

### **New GM sought for Archerfield Airport**

Archerfield Airport Corporation (AAC) has commenced an executive search for its next General Manager. The present General Manager, Heather Mattes, will relinquish the position at the end of the financial year.

The Board has offered Mrs Mattes a continuing role as External Relations Consultant, and is pleased to announce she has accepted. The Board thanks Mrs Mattes for the past five years of leadership, and for her continuing contribution to the exciting development of the airport.

In recent years, Archerfield Airport has undergone extensive modernisation.

The airport's significant upgrading of its airspace and flight procedures was named *2017 Corporate Project of the Year* by the Australian Airports' Association. AAC is currently finalising a draft Major Development Plan for lengthening the main runway, a key proposal among some \$17.5 million worth of airport improvements to modernise ageing infrastructure, improve aircraft capability from/to the airport, and cater for anticipated growth in aircraft movements.

*Issued April 10, 2019*
