

Schedule of Aircraft Charges

Effective 1 August 2020

Landing Charges

Charge	Minimum Charge	Touch & Go Charge												
\$0.0148/ kg MTOW	\$11.20	\$0.00*												
<p>The landing charge for an aircraft can be calculated by multiplying the MTOW of the aircraft by \$0.0148 e.g.:</p> <table border="1"> <thead> <tr> <th>MTOW of aircraft</th> <th>Calculation</th> <th>Landing Charge</th> </tr> </thead> <tbody> <tr> <td>500 kgs</td> <td>= 500 x 0.0148 = \$7.40</td> <td>= \$11.20 (minimum charge)</td> </tr> <tr> <td>750 kgs</td> <td>= 750 x 0.0148 = \$11.10</td> <td>= \$11.20 (minimum charge)</td> </tr> <tr> <td>1043 kgs</td> <td>= 1043 x 0.0148 = \$15.44</td> <td>= \$15.44</td> </tr> </tbody> </table>			MTOW of aircraft	Calculation	Landing Charge	500 kgs	= 500 x 0.0148 = \$7.40	= \$11.20 (minimum charge)	750 kgs	= 750 x 0.0148 = \$11.10	= \$11.20 (minimum charge)	1043 kgs	= 1043 x 0.0148 = \$15.44	= \$15.44
MTOW of aircraft	Calculation	Landing Charge												
500 kgs	= 500 x 0.0148 = \$7.40	= \$11.20 (minimum charge)												
750 kgs	= 750 x 0.0148 = \$11.10	= \$11.20 (minimum charge)												
1043 kgs	= 1043 x 0.0148 = \$15.44	= \$15.44												

Parking Charges (Daily)

Charge	Minimum Charge												
\$0.00288 / kg MTOW	\$5.75 per day												
<p>Parking charges apply to all aircraft (including those undergoing maintenance) that are not parked in a leased area. The first four (4) hours of parking are free for all aircraft.</p> <p>The parking charge for an aircraft can be calculated by multiplying the MTOW of the aircraft by \$0.00288 e.g.:</p> <table border="1"> <thead> <tr> <th>MTOW of aircraft</th> <th>Calculation</th> <th>Parking Charge (per day)</th> </tr> </thead> <tbody> <tr> <td>1043 kgs</td> <td>= 1043 x 0.00288 = \$3.00</td> <td>= \$5.75 (minimum charge)</td> </tr> <tr> <td>2100 kgs</td> <td>= 2100 x 0.00288 = \$6.05</td> <td>= \$6.05</td> </tr> <tr> <td>3248 kgs</td> <td>= 3248 x 0.00288 = \$9.35</td> <td>= \$9.35</td> </tr> </tbody> </table>		MTOW of aircraft	Calculation	Parking Charge (per day)	1043 kgs	= 1043 x 0.00288 = \$3.00	= \$5.75 (minimum charge)	2100 kgs	= 2100 x 0.00288 = \$6.05	= \$6.05	3248 kgs	= 3248 x 0.00288 = \$9.35	= \$9.35
MTOW of aircraft	Calculation	Parking Charge (per day)											
1043 kgs	= 1043 x 0.00288 = \$3.00	= \$5.75 (minimum charge)											
2100 kgs	= 2100 x 0.00288 = \$6.05	= \$6.05											
3248 kgs	= 3248 x 0.00288 = \$9.35	= \$9.35											

Parking Charges (Monthly)

Grass Tie-down Rates	
Standard	Large
\$148.90 per month or part thereof	From \$223.36 per month or part thereof
Hardstand Tie-down Rates	
Standard	Large
\$198.15 per month or part thereof	From \$297.27 per month or part thereof
<p>Special parking requirements such as non-designated tie-down areas on hardstand for heavier aircraft can be addressed by negotiation with AAC.</p> <p>Applications for permanent aircraft parking can be made during business hours via the AAC office.</p>	

- All charges are inclusive of GST
- Preferred method of payment is by Direct Debit
- AAC may introduce an additional charge outside of tower hours in the future to cover night operational costs or if noise issues arise or safety concerns become apparent
- *Aircraft using Archerfield Airport will be charged for each "arrival" or "full-stop" landing completed. 'Touch and go' landings will not incur a fee under this system, unless an aircraft visiting from another airfield conducts one or more circuits and departs without an actual arrival. This activity would attract a charge as though one arrival/full stop landing was completed
- *AAC may introduce an additional charge for 'touch and go' landings in the future. Anyone negotiating long-term contracts involving 'touch and go' landings should consult with AAC
- Charges will be adjusted on 1st August each year
